Summary Military veteran and business professional with experience in leadership, coaching and high-level customer service. Currently looking to leverage these skills in a new industry and contribute to a team of technical professionals. I am willing to relocate.

- Highly detailed and organized
- Excellent communicator
- Analytical problem solver
- Meets deadlines
- Performs under pressure
- Team player

Skills Ruby, HTML5, CSS-3, JavaScript, JQuery, PostgreSQL, Heroku, AWS, Git, Github

Experience **UpWork** **Aug 2017 – Present**
Freelance Web Developer

Currently performing a Rails upgrade (4.2 to 5.1) on a web application for Keylime Toolbox in Seattle, WA. They specialize in search engine optimization(SEO) and google analytics for their clients.

- Setup development environment which depends on 3 databases
- Upgrade Gems and dependencies and ensure tests pass at each step in the upgrade process
- Fix deprecation warnings with Rspec tests
- Make small commits to keep the history clean

The Firehose Project **Jan 2017 – April 2017**
Remote Web Developer

Educational work experience where I worked on a remote team with 5 developers to build a Ruby on Rails Chess Application. The team held weekly sprints and we would frequently pair-program with one another.

- Create the code and test cases for Pawn movements
- Check if the game was in Stalemate
- Keep track of players turns
- Allow players to join a game

PGA of America Golf Professional **May 2003 – Oct 2017**
Class 'A' Teaching Professional / Head Professional

Expert in management, communication and contributing to a team. Provided exceptional customer service to members and their guests.

- Hired, trained and scheduled a staff of as many as 30 people during my tenure
- Taught over 2000 hours of instruction to students of all levels
- Comfortable with multi-tasking
- Meets and achieves goals in a timely fashion.

Experience (Continued)

United States Marine Corps Information Systems | Platoon Sergeant

1992 - 1998

Worked on a small team that would perform software troubleshooting, computer repair and micro-miniature soldering. Held a “secret” security clearance and achieved the rank of Sergeant (E5).

- Upgraded 750 computer work stations
- Installed all software and network applications
- General computer repair and maintenance
- Worked with vendors on major service issues

Education The Firehose Project

Oct 2016 – April 2017

Coding boot camp that teaches Full Stack Web Development, specifically Ruby on Rails and JavaScript, as well as Algorithms and Data Structures.

Mississippi State University, BBA

1998 - 2003

Emphasis in Marketing and Professional Golf Management

Meetups RubyMKE, DevCodeCamp

Awards Navy and Marine Corps Achievement Medal
