experience

Remote Agile Team,
Junior Web Developer
Jan 2017 – Current

Currently working on a team with 5 developers to build a Ruby on Rails Chess Application that follows the rules of chess. Adhere to AGILE and SCRUM methodologies and best practices. Using Trello and Slack to ensure great communication, Rubocop to enforce the Ruby Style Guide and Travis CI to perform continuous integration. I have contributed to a few of the apps features thus far –

- Determine if the game is in Stalemate
- Implemented the code for Pawn movements
- Pair Programming on the logic to support populating the game pieces
- Keeping track of each players turn
